Importing Personal Effects

Used Household effects must be imported within six months of shipper's arrival in Taiwan. The shipper must hold a residence visa, and produce his passport with immigration entry stamp, as well as embarkation card with arrival and flight information.

Nearly all electrical items are subject to both duty and tax at various rates, and only one of each major item can be imported. New items are all taxable.

Britannia and our agents will assist you with completion of customs formalities. To assist us with this please let us have a copy of your passport (and visa if applicable).

The required documentation will be supplied to you on arrival. To avoid any potential additional charges and delays it is advisable that relevant forms are completed and returned promptly to our Agents.
